

Program of kitesurfing lessons

We certify your achievements with the IKO Kiteboarder Card. We have 3 programs that are comprised of levels that can all be certified by the card. Each level corresponds to an accomplished part of one of the 3 different programs and you will have the possibility to complete the programs in full or not and to be certified according to your achievements.

Description	Entry level	Achievements
Discovery Kiteboarder Program		
The way to discover kitesurfing! By the end of this program, you will be introduced to body-dragging and be ready to learn the pre-requirements for the water start. The first part of this program will take you through the steps of flying a 2 line or a fixed 4 line kite, and body dragging in the water. You will also learn about safety and how important it is to the sport. Furthermore, you will be taken through the steps of equipment set up and launching and landing.	<ul style="list-style-type: none"> No experience needed Be able to swim Be at least 12 years old 	<ul style="list-style-type: none"> Get your level certified up to level 1 with the Kiteboarder Card
Intermediate Kiteboarder Program		
By the end of the intermediate program, you will get up on the board for your first ride. During the course, you will improve your kite flying with power skills, one hand kite flying, body dragging unhooked and hooked into your harness. Perfect for those who wish to practice a few times per year and rent equipment during holidays.	<ul style="list-style-type: none"> Kiteboarder level 1 or equivalent skill level 	<ul style="list-style-type: none"> Get your level certified up to level 2 with the Kiteboarder Card Ability to rent equipment and practice under supervision
Independent Kiteboarder Program		
You will be able to ride upwind and do your first jump! At the end of this program, you will be an independent kite boarder. You will manage your practice area and you will be able to choose the right equipment. Your kite flying skills will be improved and you will learn how to control your direction and power, and come back to your starting point. You will be able to fly more powerful kites. You will be able to use a twin tip, mutant or a smaller directional board.	<ul style="list-style-type: none"> Kiteboarder level 2 or equivalent skill level 	<ul style="list-style-type: none"> Get your level certified up to level 3 with the Kiteboarder Card as an independent kiteboarder Buy your own equipment Allows you to take the IKO Assistant Training Course 6 months after your certification
